

Advaxis to Present at LD Micro Main Event

November 28, 2018

PRINCETON, N.J.--(BUSINESS WIRE)--[Advaxis, Inc.](#) (NASDAQ: ADXS), a late-stage biotechnology company focused on the discovery, development and commercialization of immunotherapy products, today announced that Kenneth A. Berlin, President and Chief Executive Officer of Advaxis, will present a corporate overview at the 11th Annual LD Micro Main Event on Tuesday, December 4, 2018 at 5:00 p.m. (Pacific). The conference will be held on December 4-6, 2018 at the Luxe Sunset Bel-Air, California.

Mr. Berlin's presentation will be webcast live and available for replay in the Investors section of the Company's website at www.ir.advaxis.com.

About Advaxis, Inc.

Advaxis, Inc. is a late-stage biotechnology company focused on the discovery, development and commercialization of proprietary *Lm*-based antigen delivery products. These immunotherapies are based on a platform technology that utilizes live attenuated *Listeria monocytogenes* (*Lm*) bioengineered to secrete antigen/adjuvant fusion proteins. These *Lm*-based strains are believed to be a significant advancement in immunotherapy as they integrate multiple functions into a single immunotherapy and are designed to access and direct antigen presenting cells to stimulate anti-tumor T cell immunity, activate the immune system with the equivalent of multiple adjuvants, and simultaneously reduce tumor protection in the tumor microenvironment to enable the T cells to eliminate tumors. Advaxis has four franchises in various stages of clinical and preclinical development: HPV-associated cancers, personalized neoantigen-directed immunotherapy, off-the-shelf, hotspot/cancer antigens neoantigen-directed immunotherapy and prostate cancer.
